

# 65L Backpack

## Instructions & Care

Congratulations on purchasing your new **River Country Products Backpack**.

### YOUR EQUIPMENT

Your new River Country Products backpack comes with all the features and adjustability you would expect. The backpack includes straps for trekking poles, many pockets, and a large holding capacity of 65 liters.

### ADJUSTMENT

65L

65L

This Backpack includes many different adjustment points to maximize comfort on your shoulders, hips, and back. We recommend playing with all the straps and adjustments with a loaded pack so you can find the right positions for your body. On a long hike it is common to re-adjust several times to shift the load and contact points. No need to be shy about pulling straps or loosening them to adjust your backpack.

## STORAGE

Before storing the tent, make sure it is clean and dry. Do not store the tent damp or wet.

## WARRANTY AND RETURNS

For any manufacturing defects, please contact us at: [Sales@RiverCountryProducts.com](mailto:Sales@RiverCountryProducts.com). We have a 1-year limited Warranty. (Even after use, if you have a defect please let us know so we can take care of it!)

## CONTACT INFO
