

Hammock Tree Straps

Thanks for purchase River Country Products tree straps. Please follow the instructions below for case and use. Feel free to contact us with any questions.

CHECK YOUR EQUIPMENT

Your tree straps are 10ft long and an inch wide. They are rated at 400lbs, and are for use with hammocks. They are not intended for other uses. Please note that often your hammock will have a lower weight limit than the tree straps.

USE

To use your tree straps simply wrap the strap around a tree and pull the strap through the end loop. Connect the hammock, using a carabiner for convenience, to one of the multiple loops on the end of the tree strap. Connect to a loop closer to the tree to tighten your hammock.

CONTACT INFORMATION

If you have an issue with your straps or a warranty claim please contact us.

Feel free to contact us with comments, suggestions, or questions. You can contact us online at rivercountryproducts.com or email us at sales@rivercountryproducts.com.
